The XAS boX range

Everything you need...
It's time to think inside the boX!

Compressors

500 CFM

TECHNICAL DATA (XAS 500-175)

XAS 500-175	
Nominal effective working pressure	12 bar(g)
	175 psi(g)
Free air delivery	510 cfm
Max. Ambient temp. at sea level	52 °C
Min. Starting temperature	0 °C
Engine Brand	Ashok Leyland
Engine Model	ALUW06Dti
Number of cylinder	6
Engine power	170 HP
Full load rpm	2200
Unload rpm	1350
Capacity	
Engine oil	18 L
Engine Coolant	31.5 L
Compressor oil	35 L
Fuel tank	190 L
Dimensions: Stationary	
LxWxH	2986X1504X1919 mm
Weight (wet)	2142 kg
Dimensions: Undercarriage	
LxWxH	3980X1960X2256 mm
Weight (wet)	2352 kg

* According to ISO1217 ED3 1996 Annexure D

Dimensions are without under carriage; compressor can be supplied with under carriage
