ABOUT CHUANGYUAN

Chuangyuan Electromechanical Equipment (Guangdong) Co., Ltd.

Chuangyuan Electromechanical Equipment (GUANGDONG) Co., Ltd, the subsidiary corporation of Zhongshan Chuangyuan Power Equipment Co., Ltd. ,was established in 2011. It is located in No.2 Yumin Avenue,Xiaolan Town,Zhongshan City. The Chuangyuan group company was established in 1989. After nearly 30 years of relentless efforts,the company has grown into a significant manufacturer and supplier of power and electric systems equipment in South China.Zhongshan Chuangyuan Power Equipment Co., Ltd. has six subsidiaries: Hong Kong Jingneng Industrial Co.,Ltd.,Chuangyuan Singapore Private Investment Co.,Ltd.,GuangxiGuiping Power Equipment Co.,Ltd., Guangzhou Runhua Shipping Co.,Ltd.,Chuangyuan Electromechanical Equipment(Guangdong)Co.,Ltd.,and Chuangyuan Power Equipment Sales Service (Zhongshan)Co.,Ltd. The company features assembly and repair workshops,training centers, product show-rooms,and large storage and transportation warehouses.It boasts a high-quality technical service team equipped with professional service devices and has established a comprehensive pre-sales, mid-sales, and after-sales technical support network,forming a complete marketing management and service system.

Specializing in land-use generator sets and marine marine generator sets, the products are widely used across various industries including buildings, factories, industrial power stations, port on different usage conditions. Besides selling engines, generator sets, and power leasing, it also acts as a central warehouse and repair service station for various manufacturers' spare parts,ensuring original quality parts. With a strong technical service team of over 80 technicians and service personnel, it offers pre-sales technical support and comprehensive after-sales services.

Partnering with several renowned domestic enterprises,the company is a first-tier agent for Shangchai Engine,Wuxi Stanford Generator,Shanghai SME,Cummins, Perkins, Shanghai Marathon, etc.,maintaining long-term cooperation. The company has obtained certifications such as ISO9001:2015 Quality Management System Certification,G-B/T45001-2020/ISO45001:2018 Occupational Health and Safety Management System Certification,GB/T24001-2016/ISO14001:2015Environmental Management System Certification,China Classification Society Certification,BV French Classification Society Factory Type Approval Certificate,Bank's Star-rated Excellent Customer Award,and the title of Guangdong Province Contract-abiding and Credit-worthy Enterprise for consecutive years.

General Information

✓ Business Type:	Manufacturer/Factory & Trading Company
Main Products:	Generator Set, Generator, Spare Parts, Machine Parts, Engine, Electrical Equipment, ...
✓ Year of Establishment:	2021-11-17
✓ Management System Certification:	ISO9001:2015, ISO45001:2018, ISO14001
✓ Product Certification:	CE
✓ Cooperated with Fortune 500:	Yes
✓ Repeat Buyers Choice:	30%~50%
Address:	Zhongshan, Guangdong, China
✓ Plant Area:	1800 square meters
✓ Registered Capital:	20,000,000 RMB

Trade Capacity

Main Markets:	South America, North America, Southeast Asia, Africa, Eastern Asia, Mid East, Oceania
International Commercial Terms(Incoterms):	FOB, CIF, EXW, CFR
Terms of Payment:	LC, T/T, D/P, PayPal, Western Union, Small-amount payment
Average Lead Time:	Peak Season Lead Time: 3-6 months Off Season Lead Time: 3-6 months
Nearest Port:	Zhongshan, GuangZhou

R&D Capacity

✓ ODM Service Available:	Yes
✓ OEM Service Available:	Yes

Basic Info.

Model NO.	CY500	Type	Basic Diesel Generator
Installation Method	Fixed	Stroke	Four Stroke
Cooling Method	Water Cooling	Output Type	AC Three Phase
Speed	1500rpm, 1800rpm	Conditions of Use	Land Use
Usage	Common Units	Landuse Type of Unit	Ordinary
Excitation Mode	AC Rotating Exciter	Colour	Customization Supported
Brand	Cummins/Perkins	ATS	Optional
Prime Power	500 kVA	Standby Power	550kVA
Engine Model	Qsz13-G10	Alternator Model	S5I1d-C41
Controller Model	Dse7320	Bore & Stroke	130mm*163mm
Displacement	13L	Water Tank	Copper
Transport Package	Export Standard	Specification	3300*1600*2100
Trademark	ChuangYuan	Origin	China
Production Capacity	100units/Month		

Packaging & Delivery

Package Size	350.00cm * 180.00cm * 230.00cm
Package Gross Weight	3100.000kg

Product Description

Manufacturing Standard of Genset	
Ambient Temperature	25°C / 77°F
Barometric Pressure	100kPa
Relative Humidity	30%
Altitude	≤1000m
Fuel Oil	Standard level
Relative Density	0.840 ± 0.005
Lower Calorific Power	42700kJ/kg
Consumption Tolerances	0±8%
Air Inlet Limit Temperature	35°C / 95°F

OEM & ODM

FOCUS ON POWER INDUSTRY SINCE 1989

Open Type

Silent Type

Container Type

Trailer Type

Genset Fittings

Standard Fittings	Option Fittings
1.Diesel Engine	1.Built in Skid Fuel Tank
2.Alternator	2.ATS
3.Electrical Control Canbinet	3.Multi-gensets Parallel Control Cabinet
4.Genset Instrument Box	4.Soundproof Canopy
5.Radiator Tank	5.Trailer Cabinet
6.Starting Battery	6.Coolant Pre-heater
7.Battery Switch	7.Oil Pre-heater
8.Genset Common Skid with Vibration Insulators	8.External Fuel Tank
9.Industrial Silencer	9.Common Toolbox & Special Tool for Overhauling
10.Expansion Joint	10.Exhaust Silencer with Spark Arrestor
11.Documents	11.Genset Installation

Pre-Sales Support

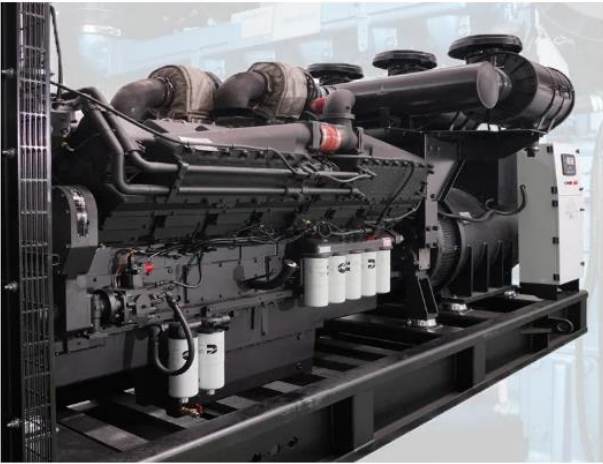

Our expert sales team provides tailored power and electrical application solutions to meet your specific needs.

After-Payment Management

We manage the sales process, track production progress in real-time, and ensure strict quality inspections.

After-Sales Service

We follow up on generator performance, offer maintenance reminders, and provide free maintenance for 12 months or 1200 hours. Support includes comprehensive training.

Product Advantages

Our goal is to become a leader in the global power generation industry, providing reliable and efficient diesel generator solutions for various sectors worldwide.

1.High Efficiency and Fuel-Saving Design

CYEC Diesel Generator Sets deliver efficient power with optimized fuel consumption, reducing operational costs while ensuring a reliable energy supply.

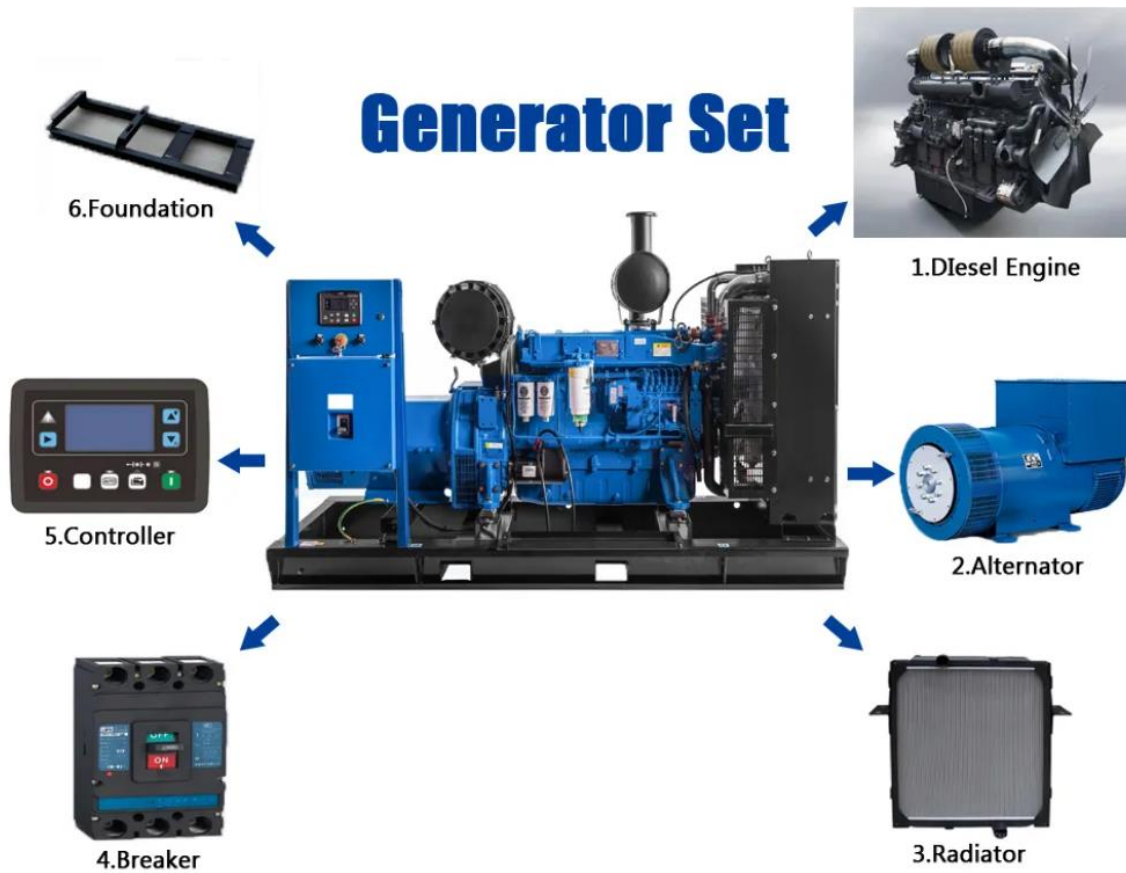

2.Powerful Durability and Adaptability

Built to withstand extreme conditions, our generators offer exceptional durability and performance in harsh environments, ensuring consistent power.

3.Easy Maintenance and Operation

With a user-friendly design, CYEC Diesel Generator Sets are easy to operate and maintain, minimizing downtime and extending their lifespan.

Successful Cases

Prime or Standby Power For Factory Use

Our Diesel Generator Sets offer both prime and standby power solutions for factories, ensuring continuous operation even during grid failures or when additional power is needed. With high fuel efficiency and durable performance, CYEC generators keep your factory running smoothly and minimize downtime, enhancing overall productivity.

Offshore Power Generation

CYEC Diesel Generator Sets are ideal for offshore power generation, providing reliable energy in remote locations where access to the grid is limited. Built to withstand harsh marine environments, our generators ensure uninterrupted power supply for offshore platforms, vessels, and operations, even in the most challenging conditions.

Real Estate Project Power Generation

For real estate projects, CYEC Diesel Generator Sets provide a reliable power source during construction and development phases. Whether used as a temporary or backup power solution, our generators ensure that project timelines are met without interruptions, delivering consistent energy to construction sites and on-site facilities.
