

DUMP TRUCK

HOWO-NX 6x4 | 20 CBM

Suitable for sand and aggregate

STRONG POWER

- High Horsepower Engine: Powered by MC11.44-50 engine delivering 440HP for heavy-duty performance.
- Robust Load Capacity: Designed with a 31-40t load capacity and 6x4 drive wheel configuration.
- Cold Area Adaptation: Optional tail gas heating and low-temperature materials ensure operation in cold climates.
- Advanced Safety Features: Equipped with ABS (4S/4M), four directional cameras, and overhead warning lights.
- Customizable Configuration: Tires, board thickness, and engine model can be customized to specific needs

DURABILITY

- Emission Standard: **Euro 2**
- Load Capacity: **31-40t**
- Thickness of The Board: **Bottom10 Side8**
- 12.00R24 tyres, 10+1 pcs (including spare).

CHARACTERISTIC CONFIGURATIONS

- H77L cab, one sleeper, with A/C.
- BOSCH steering.
- HYVA lifting system.
- 400 L fuel tank.

TECHNICAL SPECIFICATION

	Item	Specification
Overall Parameters	Model	HOWO-NX 6x4 Dump Truck
	Driving Type	6x4
	GVW (kg)	41500
	Dimension, approx. (L×W×H)(mm)	8900×2496×3500
	Wheel Base (mm)	3800+1400
	Frame (mm)	(8+8)/300
	Suspension (F/R)	Leaf spring / Leaf spring
Chassis	Engine	MC11.44-50, 440 HP
	Emission Standard	Euro V
	Transmission	ZF16S2230TO + PTO
	Steering	BOSCH
	Front Axle (kg)	9500, drum
	Rear Axles (kg)	16000 × 2, drum
	Cab	H77L, one sleeper, with A/C
	Tyre	12.00R24, 10+1 pcs
	Fuel Tank (L)	400
Truck	Cargo Capacity (m³)	20
	Body Size (mm)	5600×2300×1600
	Body Material	Q355
	Floor / Wall Thickness	10 mm / 8 mm
	Lifting System	HYVA brand
